OBJECTIVE

Motivated Information Technology student with a strong foundation in web development, specializing in front-end and back-end technologies. Eager to leverage skills in HTML, CSS, JavaScript, and database management to contribute to impactful projects and drive innovative solutions in a forward-thinking tech environment.

EDUCATION

Bachelor of Information Technology   2022 - 2026
Thakur College of Engineering and Technology, Mumbai

SKILLS

Programming Languages	C++, JavaScript
Web Technologies	HTML, CSS, Node.js
Databases	MongoDB, SQL
Soft Skills	Problem-solving, teamwork, leadership, adaptability

PROJECTS

Amazon Clone. Developed a responsive e-commerce platform simulating core Amazon functionalities such as product browsing, user authentication, and secure checkout. **Technologies:** HTML, CSS

EffiLearn Clone. Created a fully responsive and modular learning platform inspired by EffiLearn, focusing on interactive and adaptive design for optimal usability. **Technologies:** HTML, CSS

Currency Converter. Built a real-time currency converter application supporting multiple currencies with a focus on a user-friendly interface and responsive design. **Technologies:** HTML, CSS, JavaScript

EXPERIENCE

Self-Initiated Web Development Internship
Completed a project-based, self-driven internship to strengthen skills in web development, focusing on best practices in front-end development, back-end frameworks, and database management.

EXTRACURRICULAR ACTIVITIES

- Pursued advanced courses in web development, focusing on scalable applications and backend frameworks.

ACHIEVEMENTS

- Maintained a CGPA of 8.8 across academic semesters.
- Demonstrated adaptability and leadership in team projects, fostering collaborative and goal-oriented work environments.
